## Making The Important Decision In Life Right

**Advanced & Best Education** is founded by professionals with a vision to provide quality Education services and guidance for students worldwide. Letting them **Making The Important Decision In Life Right**

Our team is specialized and trained experts equipped with the necessary skills, expertise and information to assist you on your chosen course and advise on the institution that best meets your needs. Our consultants specialize in crisis intervention and have extensive experience advising families with children who have emotional and behavioral difficulties. This expertise is used to advise you on the most suitable placement for your child. ABE serves the independent consultant by sponsoring exclusive tours of schools and colleges, meetings with officials from a wide variety of educational institutions, and professional seminars and conferences on critical issues of the day.

ABE has developed a strict set of ethical guidelines that govern the actions of consultants in their relationships with students and families, schools and colleges, and with colleagues. These include a responsibility to understand each student's special strengths, values and needs, while striving to include all family members in the educational planning process. An ABE consultant has the expertise to help today's students choose from a wide range of study opportunities offered around the globe.

### OUR MISSION

-  Global education services
-  Assessment and evaluation services
-  Development Services

#### **Global education services**

We advise and inform the Students worldwide on Singapore education and assist in enrolment in Singapore institutions across all sectors.
